Ball-Ended Thrust Screws • headless, with fine-pitch thread 22720.5042

Product Description

Ball-ended thrust screws can also be used for positioning and clamping, tightening or supporting of non-parallel surfaces.

The fine-pitch thread allows a precise adjustment.

The flat-faced, movable ball enables a flat load transmission.

Material

Ball

• Ball-bearing steel, hardened

Screw

Heat-treated steel, 1200 ±100 N/mm²

More information

Notes

Ball not secured against rotating. Special types on request.

References

Thread lock on request, please refer to appendix - Technical Data -
