Adjustable Clamping Levers • with screw 24400.0641

Product Description

Adjustable clamping levers find versatile applications when the area of use is confined or a specific lever position is required.

Material

Lever

• Zinc die-cast, plastic coated, orange similar to RAL 2004, matt structure

Inner parts

Steel, blackened, quality 5.8

Screw

• Steel, blackened, quality 5.8

Operation

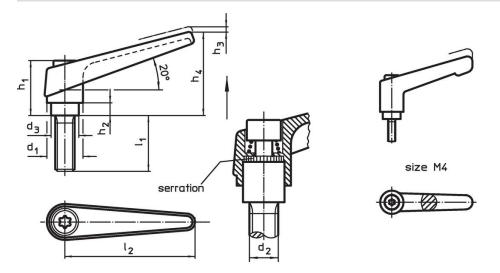

By lifting the lever the serrations are disengaged. The lever can be positioned by the serrations. On releasing the lever, the serrations are automatically re-engaged.

More information

Notes

The screw part can be exchanged.
