# Adjustable Flat Tension Levers • with screw, stainless steel 24441.1770

# **Product Description**

Adjustable flat tension levers are used when the swivel range is limited or a specific lever position is required.

Adjustable flat tension levers are characterised by their low construction height and are particularly suitable for use in restricted spaces or when the lever should not overhang..

## **Material**

#### Lever

· Zinc die-cast, plastic coated, silver, similar to RAL 9006, matt structure

#### Inner parts

Stainless steel 1.4305

#### Screw

Stainless steel 1.4305

## Covering

· Plastic, light grey

## Operation

By lifting the lever the serrations are disengaged. The lever can be positioned by the serrations. On releasing the lever, the serrations are automatically re-engaged.
