

SIMPLEX insert • Copper
3804.030

Product Description

The SIMPLEX copper insert (series 3804) is the hardest insert in Halder's product selection. While delivering extremely high impact forces, it is gentler than a steel hammer. It is the replacement for a conventional copper hammer. This insert is available in sizes D30mm and D40mm. Copper inserts may only be installed into reinforced cast iron housings (black)!

Product features:

- SIMPLEX copper insert.
- Very hard.
- Very high impact.
- Replaces classic copper hammers.
- Available in D30mm and D40mm.
- May only be installed into a reinforced cast iron housing (black)!

Application Areas

For very high impact, straightening work, plant construction, sheet-metal working, assembly, repair and maintenance work

Material

Insert

- Copper with plastic socket
- hard
